Is there are physical ng-book for Angular 6 or 7. Your best bet is to get a couple of large screen monitors. Or a book reader device. On the left monitor (27"), but the latest ng-book2 and open up the .PDF in PAGE-DISPLAY + TWO_PAGE_SCROLLING to reda the book in the right monitor, have Visual Studio code open up I meant 'buy' the latest ng-book2 for Angular 9 Nice tip, but I think books are hard to read on computer monitor. not on my 27" monitor :) Maybe you are using dark theme for reading? nope, I prefer the light mode (also for coding) Eesham Kohli @eeshamkohli Hi guys, where can i find code examples for ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys, where can i find code examples for ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i find example ng book angular 8? hi guys how may i Ventura @fabioven gitlab Hi everyone, I have a question about an example from the book; this.http.get (queryUrl) .map (item => {...}); But the "get" method of "HttpClient" returns an observable, how can I call the map method? In fact I have an error! Thanks Hi everybody....i start reading the book, in the same time i practice. but when i come to part where i build the (angular-reddit)..the part where should add semantic-ui. the authors mention that i must to copy some files (• src/index.html• src/styles.css• src/app/vendor• src/assets/images)....can anyone help me what i must to do?? where should i add these files learnsimpley in src folder/ replace index.html, style.css, and add src/app/ add vender, under src/assets/images folder you can add or replace or copy paste from the source. I bought the book from Amazon, where can I get the code samples? The book only says from the same place you downloaded it. Pardip Lal @pardiplal gitlab Can angular 2 learning good in 2020 rajeshThappeta @rajeshThappeta @fabioven_gitlab hi as you said http get returns observable. But map method is from rxjs library which can process each value emitted by observable. After map(), one should call subscrible() this.http.get(queryUrl).map().subscribe() rajeshThappeta @rajeshThappeta Ex: import { Component, OnInit } from '@angular/core'; import { NgForm } from '@angular/forms'; import { of } from 'rxjs'; import { map } from 'rxjs/operators'; @Component.html', styleUrls: ['./app.component.html', styleUrls: ['./app.component.html obs.pipe(map(x=>x+10)).subscribe(v=>{ console.log(v) }) } Hi all, is this still active?
